We cooperate with the schools in Italy (Centro Studi Casnati), Austria (KunstModeDesign Herbststrasse), Slovenia (Srednja šola za oblikovanje in fotografijo Ljubljana), Estonia (Kuressaare Ametikool), Bulgaria (National School of Applied Arts, Saint Luca – Sofia) and the Czech Republic (Střední umělecká škola grafická Jihlava) and we are in progress of establishing new cooperations in other countries. In the seaside town called Piran we regularly organize procreative plain air with our Slovenian partner school. We give foreign students an opportunity to take part in an educational residential stay within our school. We also organize common exhibitions, workshops and excursions for students and we propose a lot of other various interesting activities.
